

Dale and Nelson,

Elaine and I want to thank you for the outstanding job you and your guys did on our remodel. From the very first visit we knew Stayco was the company for us. The thing Elaine and I talked about most was how from the beginning Dale seemed as excited as we were to do the project.

Dale, your suggestions were dead on and made an already great project nearly perfect. Please pass on our thanks to Gary, Don and all the subcontractors for the great work, friendly attitude and professionalism they have shown throughout.

Your great craftsmanship and attitude will make our decision an easy one for any future projects that come up. It will now and always be Stayco.

Once again THANKS for making our dream a reality.

With much gratitude,

Ross and Elaine Henry
