Dear Dale,

Thank you so much for all of your help and attention to every detail with helping us build our house. You have the utmost patience with those of us new to the building process. We really appreciated your help and also all the other people involved. You certainly run a quality operation and it was a pleasure to have worked with you! We are very happy <sup>with</sup> and proud of the quality of our home. Hope you enjoy the Holidays and thanks again!

Sincerely,

Terry & Marina
